If you have answered YES.  
Please fill in a form.

Pencillers/writers are a very important component of organising an event.  
None can be done without them.

Many people are scared of the challenge!  
Where after your first time you will realize how easy it is.  
With the easiest being the higher levels. With lower levels a bit more writing  
is required.

As the draw is developed around volunteers who can pencil or judge!  
So you can ride and help!

At the 2012 Championships we will require over 30 pencillers!!

Any questions please ask a friendly member of the committee.
